THE ASSIGNMENT

Onella Concepts and Executes “Summer of Love Wellness” Tour for Love Wellness Founder Lo Bosworth and Team.This strategic initiative not only elevated Love Wellness' presence in Walmart stores but also strategically leveraged influencer engagement to create a resonant and impactful consumer experience.

Onella designed and orchestrated an immersive influencer event for Love Wellness, commemorating the launch of their products in Walmart stores. Embarking on the 'Summer of Love Wellness' tour, inspired by vintage 'love ins,' the journey commenced in Austin, TX, and aimed at not only boosting sales in Walmart stores but also expanding consumer outreach and cultivating brand loyalty.

THE EXECUTION

Onella implemented invitation mailers for key influencers in the central Texas market. Onella then designed distinctive activations and tailored experiences that cohesively integrated the Love Wellness product line with interactive and unique product education. Introducing innovative sales tracking methods, such as QR discount codes on custom postcards, allowed Love Wellness to quantifiably measure store sales and gauge consumer impact. Other activities included the Good Girl Glam Station, Bye Bye Bloat ball pit and cotton candy stand, Killer Dance Moves stage and dance floor, the Sparkle Fiber sparkle wall, Flora Power friendship bracelet flower truck, and the Gut Feelings writing station.

THE ASSIGNMENT

Annual Winter Wonderland event hosted at Grand Central Market. From Santa to pancake breakfast with your favorite Frozen characters, to gift wrapping stations, there will be something for everyone. Whether you're looking for a quick bite to eat, or are looking to spend the day browsing artisans' wares. Bring your family and kids or a date and enjoy holiday fun and activities that have been curated to enhance your experience at the Grand Central Market. Winter Wonderland will be live for 4 weeks and feature micro-events during the holiday season.

THE SOLUTION

Our goal was to inform the community that Grand Central Market isn't just a food hall, but also a place for entertainment and activities. Savoir created an attraction that positions GCM as a destination throughout the year. We produced micro-events each weekend and the backdrop acted as a photo moment during the week. This better utilized the basement space and got the community excited about GCM's calendar of events.
